

An Unlucky Day

It is a school holiday. The weather is sunny. Tom and Sarah have fun at the park in the afternoon.

There are many children at the park. They are playing different games. Some children are playing hide-and-seek. Some children are throwing and catching the ball. Sarah and Tom are playing hopscotch happily.

Suddenly, Sarah trips over the stone and hurts her knee. She cries loudly because she feels a sharp pain in her knee. Tom comforts Sarah. Then, he takes Sarah to the hospital. The doctor cleans Sarah's knee and puts a bandage on it.

Sarah feels better. Sarah will be more careful next time when she visits the park. Tom and Sarah go home and take some rest. What an unlucky day for Sarah!
