### A Visit to Uncle's Farm

I go to my uncle's farm every weekend. My uncle's farm is in Tuen Mun. I visit his farm with Mum. I see bulls, cocks, hens and cows there. I like the animals very much.

On the farm, my uncle teaches me how to ride a horse. It is very hard. My uncle helps me. The ride is slow but it is fun!

Then, my uncle tells me how to milk the cows. It is not easy so my mum helps me milk the cows. Now I know how to milk the cows. My uncle gives me a cup of milk. It is delicious! It worths the time and hard work!

Then, I help clean my uncle's farmhouse and the barn. I sweat a lot. My uncle says, 'Thank you! Let's take some rest!'

I like the farm very much. I hope I can take my friends to my uncle's farm next time.

### A Visit to Uncle's Farm

I go to my uncle's farm every weekend. The farm is in Tai Po. I visit my uncle's farm with my parents and my sister, Sally. We go there by bus. We are excited.

When we arrive the farm, it surprises us that the air is fresh and the farm is huge. I go inside the barn to feed the goats, bulls, cows and foals. I put the hay on my palm. Their tongues tickle! It feels funny! I go to the cows and hens to collect the fresh milk and fresh eggs. It is a lot of fun!

Then, I try to ride a horse, but I am scared at first. My uncle then teaches me how to ride a horse. After that, we pick some fruit to eat. 'They are delicious!' we shout. We look at the windmill when we take a rest on the grass. There are pigs and piglets. They are cute.

Finally, we plant the seeds and make a scarecrow. It looks easy but it is hard. It takes us nearly an hour to finish the work.

I like the farm very much because I can help out and the activities are fun. The best part of the visit is that I can see many lovely animals closely. What a wonderful day!
