

The Brave Knight

Once upon a time, there was a knight and a wicked witch living in a country. The knight was very brave. He was called Sir Ben. He always wore a smart suit and had a sharp sword on his left. He was so brave that he didn't ever need a shield. The crafty witch had powerful magic. When she cast a spell, she would wave her heavy wand in her right hand. She always did bad things, such as stealing things and hurting people. Sir Ben really couldn't stand it, so he decided to defeat the fraudulent witch.

One day, the cruel witch was hurting people as usual in the forest. On the other side, the valiant knight was riding his best horse and galloped to the forest at once. When he arrived where the witch was, the witch saw him. "Aren't you in the castle, the brave knight?" said the witch. Sir Ben replied, "I am here to defeat you, you wicked witch!" he drew his sword and started to run towards the witch. The crafty witch was already prepared, she cast a strong spell and waved her wand. Ben fell into a deep hole all of a sudden.

The cruel witch laughed with happiness. "Haha! No one can defeat me, not even you, little knight! Haha ha....." Ben was scared but he knew that he needed to be brave. He yelled loudly, but no one heard him. All Ben could hear in the deep hole was the witch's laughter still echoing in the cave. He could not think. He took a deep breath. "What can I do?" thought. He thought about this problem for half an hour. Suddenly, he found a driving slide wheel on top of the hole, but he had no rope on his hand. He had only got a sword. He had an idea, a crazy idea. He cut some soft tree roots down and barged them together. He threw the "rope" on the driving slide wheel and used some method to let himself get out from the hole. When Ben got out from the hole, the witch was very surprised. She suddenly realized that she had no magic now, not even a bit magic. She screamed out and disappeared in a flash.

Sir Ben jumped for joy. He defeated a powerful witch! All of the people exclaimed gleefully, "Courage can defeat anything!"
